Catena Modular Sofa

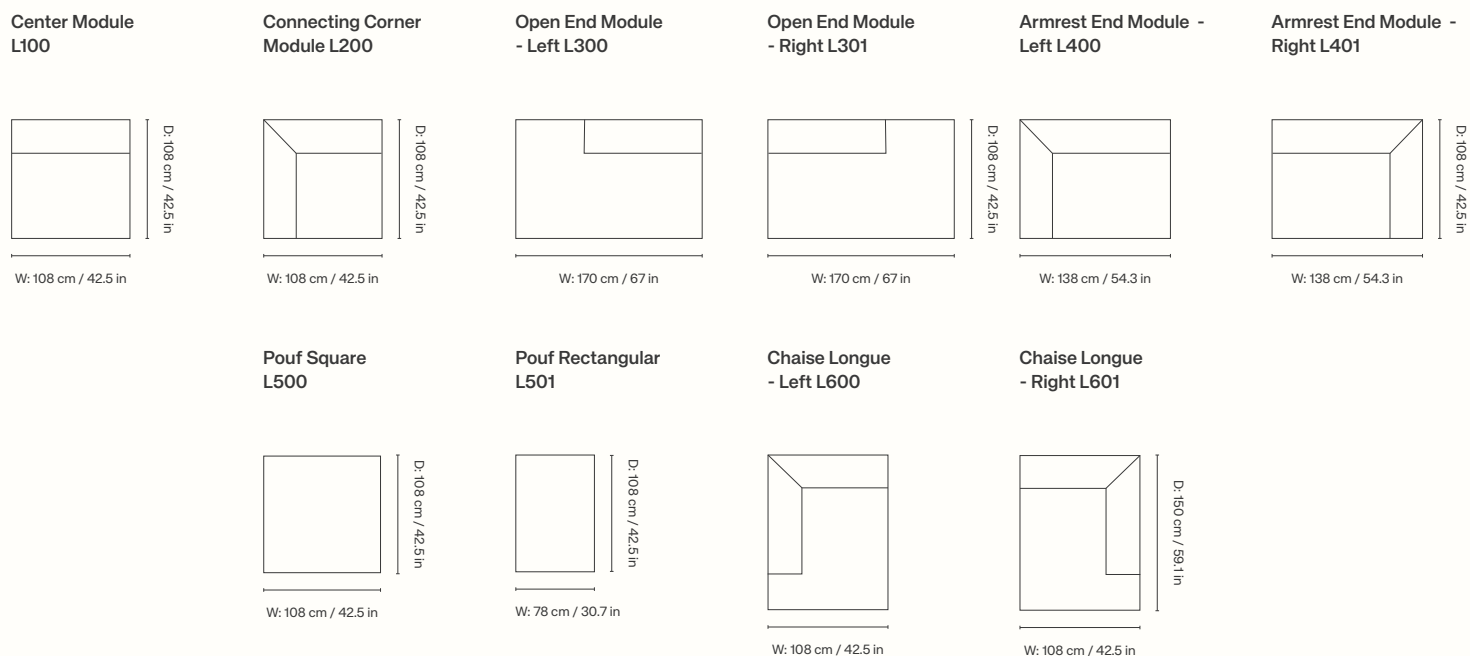

The embracing, beanbag-inspired shape of our low-slung Catena sofa is generously dimensioned for all-out relaxation and cosiness: we call it low living. Distinguished by soft curves and top-stitched seams, the homely, module-based designs are made with innovative microcellular foam that ensures maximum comfort as well as durability. The series comprises twenty individual modules that can be combined in multiple ways to create the desired expression.

Designed with the needs of the modern consumer in mind, the sofa now features a convenient, removeable cover, which can be easily removed for cleaning. Discrete Velcro fastenings underneath the sofa hold the cover neatly in place. Additionally, the inner structure of the Catena sofa is constructed with FSC™ certified wood.

Dase Modular Sofa

The Dase Sofa is a modular system designed with comfort and versatility in mind. This sofa offers enough space for resting, lounging, conversing and cuddling, making it ideal for both formal and informal settings. The sofa's design is highlighted by an upholstered backrest that gracefully follows the sofa's contours, accentuating its contemporary silhouette. Choose between matching upholstered legs for a cohesive look or dark-stained wood legs for a more subtle elegance. Both leg styles are included when purchasing a sofa.

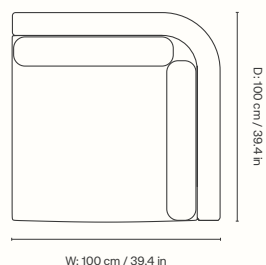

With a commitment to responsible production, the wooden structure of the Dase Sofa is FSC™ certified. As a part of our Made to Order customisation concept, the upholstery for this item can be selected from a range of high-quality fabrics in different colours and patterns to create your custom piece of furniture.
